1 1/2" Anna Toggle TierraCast® 94-6154-12

2 2mm crimps

2 3mm crimp covers

20" beading wire

Under the Sea Necklace Instructions

- Step 1: Attach one 10mm jump ring through the bead hole on article 6731.
- Step 2: Cut the leather into two equal pieces fold both pieces in half and insert the loops into the cut-out hole on article 6731. Pull the tails through the loops (keeping loops even and together) and pull taut.
- Step 3: Decide where to place each article 6730 on the four pieces on leather. Indicate the spot by marking the leather.
- Step 4: Slip on 1 article 6730 onto the first leather dangle. Slide it past the knot indicator. Create an overhand knot. Repeat for the other three pendants. Optional: you may choose to trim the tails at this point. Note: if the leather is from a small spool, it will curl on itself. With time the leather will relax.
- Step 5: Using the beading wire, crimp on one side of the toggle clasp and attach the crimp bead cover. String onto the beading wire enough 4mm 5328 crystals for your desired length. Next, slip the beaded wire through the jump ring from step 1. Crimp the second side of the toggle clasp and attach the crimp cover.

## Jungle Cat Necklace

Materials:

Swarovski crystals

Product Group	Article No.	Amount	Size	Color	Color Code
Panther Bead	5751	1 pc	19mm	Crystal Rose Gold 2X	001 ROGL 2X

Supplies:

11 8mm jump rings

2ft 1mm black leather cord

22" Brass Cable Chain 6x4mm TierraCast® 20-0425-18

2" Brass Cable Chain 5x6mm TierraCast® 20-0825-18

1 medium lobster clasp

5 Quartz beads (center drilled, ~1-1.5" in length with a 2mm hole)

4 1.5" metal dagger pendants (in different metal finishes)

Jungle Cat Necklace Instructions

Step 1: Cut the 1mm black leather cord into two equal pieces. Using one piece, fold in half and thread the cut ends through the top of article 5751 from the head down, leaving a loop at the top of the head approximately 6mm. Using the two cut ends at the bottom article 5751, create another 6mm loop with the leather and tie a double overhand knot between the loop created and the bottom hole of article 5751. Nip the tails to the desired length.

Step 2: Attach two 8 mm jump rings through the bottom loop on article 5751 and the 2" brass cable chain (5x6mm). Using the 8mm jump rings attach the four metal dagger pendants to the cable chain (just added) where desired.

Step 3: Using the remaining leather, create a 6mm loop on one end and create an overhand knot to hold the loop in place. Slip on one quartz bead on the open end of the leather and tie an overhand knot next to the bead hole. Repeat four more times. After the last quartz bead is in place, create a 6mm loop and tie another overhand knot next to the bead hole. Nip the tails on both ends to the desired length.

Step 4: Attach two more jump rings to the top loop of article 5751 and one of the loops made on the bead unit of step 3.

Step 5: Slip the brass cable chain 6x4mm through the two jump rings attached in step 4 at the top of the quartz bead component. Attach one jump ring at the end of the chain and attach the lobster clasp to the opposite side of the chain.

Panther Bead	5751	2 pc	14mm	Crystal Rose Gold 2X	001 ROGL 2X

Supplies:

10 8mm jump rings

2 ear wires

12" 24 gauge wire

2" Brass Cable Chain 5x6mm TierraCast® 20-0825-18

6 1.5" metal dagger pendants (in different metal finishes)

Instructions

Step 1: Cut the 24g wire into two equal pieces. Using one piece, create a loop in the middle of the wire fold the wire in half to have the loop at the top and the two tails parallel to each other. Slip both tails through the top hole of article 5751. Wire wrap a loop at the bottom bead hole using both pieces. Repeat for second bead, article 5751.

Step 2: Cut the brass cable chain into two equal pieces. Using a jump ring attach the chain to the wired loop just made in step 1. Using 3 more jump rings, attach 3 daggers where desired in the chain. Repeat for second bead unit.

Step 3: Attach one jump ring to the top loop on article 5751. Attach one ear wire to the jump ring added. Repeat for the second bead unit.

Supplies:

4 8mm jump rings

1 Renaissance Toggle TierraCast® 94-6208-25

2 Plain Strap Tips TierraCast® 94-3175-25

2 4mm Compression Rivet TierraCast® 01-0060-25

1 10" x 1/2" Turquoise Leather Strap TierraCast® 21-0010-10

1 Size 10 bead weaving needle

2ft of Size 8# Fireline beading thread.

Instructions

Step 1: Using the needle and thread (doubled), sew on the 5 scarab beads in the center of the turquoise leather strap, keeping the scarab beads facing the same direction.

Step 2: Decide the finished length of the bracelet, keeping in mind the addition of the toggle clasps. Trim the leather to the desired length.

Step 3: Mark off each end of the leather for the rivet position. Punch a hole in the leather using a leather punch tool. Using the Plain Strap Tips, rivet one to each end of the leather. See <http://tinyurl.com/tci-leather> for additional instructions on riveting.

Step 4: Using two jump rings, attach one end of the toggle to the loop on the plain strap tip. Repeat for the second side.
